Introduction

Deliverance Evangelism Revolution (DER) *Education with a focus on Deliverance Evangelism Revolution*

The Mission of Overcomers House Institutes & Pauline Walley Deliverance Bible Institute (PWDBI) is to raise a Deliverance Revolution Army (DRA). Each student trained at PWDBI is considered a warrior in the army of the Lord; carrying out a revolution of freedom and liberty for those who are seeking to enjoy their salvation in Christ Jesus.

Overcomers House & PWDBI provides educational skills that focus on the deliverance evangelism revolution; thus, students are trained on how to minister deliverance to themselves and others; how to war against evil spirits; how to pull down satanic strongholds; how to set the captives free and also, how to release those in bondage.

Studies include practical training sessions and internships at a ministry or Christian organization recommended by Overcomers House & PWDBI.

Overcomers House & PWDBI ensure that graduates from this institution will be able to function effectively in any place, at any time, in different nations of the world under any situation or circumstances.

Studying at Overcomers House & PWDBI empowers one to build a godly stronghold for the advancement of Christianity around the world.

Conception and Birth of Overcomers House Institutes (PWDBI)

In a 5-year period beginning from 1977 to 1982, the Lord gave me a series of revelations on what I will be doing for Him in Ministry. Although it was exciting to know that God depended on me to reach out to the human race at a certain level, I had so many challenges that it seemed that the revelations were unrealistic.

The Vision: While I was still struggling to pass my high school examination, which posed a threat to my admission into college, the Lord appeared to me and told me that I will study to a Doctorate Degree level. At another time, we went to a night vigil prayer meeting, and while we were waiting for the meeting to take off, I fell into a trance and saw the late revivalist, Charles Finney leading souls to the Lord. Then the Lord began to show me how I will lead souls into God's Kingdom. He also told me that I will be an educator to train people to do his work (the work of the ministry) the same as he has called me to do. So, I began to cry. A friend, now Rev. William Burland noticed that I was crying while everyone seemed to be relaxed and happy, so he began to counsel me. I then related my revelation to him. From then on, Rev. Burland began to hold private Bible Study sessions with me to enable me to prepare for the call into ministry.

The Preparation: From then on, the Lord began to prepare me for the mission field and how to train others to fulfill their ministerial call. The Lord will always wake me up and dictate lessons for me to write. Over a certain period of time, I carried a portable Olympia typewriter with me everywhere I went until I got my first Toshiba laptop in 1992.

The Confirmation: In 1998, while in the Bronx, New York, the Lord directed me to take a vacation. During the vacation, the Lord spoke to me clearly about establishing the School of Deliverance. It is to function as an institution to train and equip people to pull down satanic strongholds. Shortly after the Lord had spoken to me, a woman of God (Mother Pauline) called me to confirm the revelation. She said, *"The Lord wants you to start a school of something ...! He says you know what it is. And you need to start it right away. The purpose is for now, now, now! Call me when you get it right, Okay! Then she hung up."*

The Inception: In August 1999, the School of Deliverance started in the then Overcomers' House on 687 East 219 Street, Bronx New York. 32 Students enrolled in the one-week intensive training on "How to Minister Deliverance" from August 2 to 7, 1999. Although the Lord instructed me to start a degree program, we had some challenges with the accreditation process which held us back.

The Mandate: The Lord continued to remind me until recently when the Lord gave it to me again as a mandate that needed to be fulfilled in this season. Once again, in August 2007, the Lord began to speak concerning the training of a Deliverance Revolution Army at a degree level in Deliverance Ministration. This is needed so that the graduates can invade the nations and penetrate every corner of the world to pull down satanic strongholds.

Systematic Instruction: Every day and night the Lord gave me specific instructions on the materials (course details) to be taught in the college. Most of the revelations that I received have been published in books according to divine direction. After the School of Deliverance had been strengthened across the nations, the Lord gave us a progression in the vision by adding other Schools to the program.

The other Schools are: The School of Strategic Prayer; the School of Mentoring Relations; the School of the Holy Spirit; the School of Leadership Equipment, the School of Prophetic Communications, the School of Pulpit Communications, and the School of Tactical Evangelism. All 8 schools comprised the School of Intensive Training for Ministry and Leadership Equipment (SITMLE); these programs which were under certificate courses are now being upgraded to be included in the Bachelor's and Master's degrees in four different concentrations.

Progressive Maturation: Finally, in October 2007, as we prepared to celebrate the 10th Anniversary of Pauline Walley Evangelistic Ministries' existence in New York, a committee was set up to put the vision of the PWDBI degree program into reality.

We started the year 2023 with the celebration of affiliation with the Vision International University/Vision International Global Ministries Network. As we start to operate as a resource center of VIU, we hope this elevation will mature into a full university campus soon in the near future.

Vision and Mission

“The Spirit of the Lord God is upon me; because the Lord has anointed me to preach good tidings to the poor; He has sent Me to heal the broken hearted, to proclaim liberty to the captives, and the opening of the prison to those who are bound, and the day of vengeance of our God; to comfort all who mourn...” (Isaiah 61: 1-3).

Vision

Our vision is to evangelize the world by teaching, educating, equipping, and empowering people to accept Jesus Christ as Lord and Savior.

- It is to ensure that anyone who has truly accepted Jesus Christ as Lord and Savior would know and experience the reality of the freedom that was purchased for all mankind.
- To ensure that every Christian would be cleansed from demonic interferences and influences.
- To ensure that the knowledge and wisdom gathered in this institution are usable and applicable in every aspect of our lives and endeavors.

Mission

Our mission is to train and build a Deliverance Revolutionary Army (**DRA**) that will be fully equipped and empowered to set the captive free and release those in bondage.

- Thus, our mission demands that new converts would receive instant cleansing through deliverance ministration.
- This system of ministration would in turn become channels for the deliverance of others from corrupted backgrounds and lifestyles.
- Our mission is to generate a high level of interest and understanding amongst believers in a manner that they would actively respond to deliverance ministration training;
- To encourage the graduates from this institution to further advance the vision of the Church of our Lord Jesus Christ in every nation on earth.

Mandate

Our mandate is to train, educate, equip, and empower the individual Christian to pull down satanic strongholds;

- To expose the works of iniquity and build godly fortresses over Christians in their homes and communities.
- To open the prison gates, set the captives free, and release those in bondage.

In view of our mandate, deliverance, and spiritual warfare training shall be the core courses for every student that enrolls in PWDBI. Also, every student shall go through a series of ministrations at each stage of the training, so that each student would understand the practical aspect of the School of Deliverance through personal experience and involvement.

- Our mandate is to give every student an opportunity to participate actively in deliverance ministration; so that the knowledge imparted will be skillfully utilized.

- **Our mandate is to empower all graduating students by ordination and licensing so that they will be free to take the deliverance revolution along with them to the nations (Isaiah 61: 1-3).**

In the prayer group, people with similar challenges came together to pray till they got saw solutions. Through this prayer group, a prophecy was fulfilled. Conflict Resolution: All students are expected to be born-again Christians who understand the application of the basic doctrines of the Christian Faith to their daily lives. Therefore, all students must endeavor to contain their personal character and resolve all offenses amicably. The College Student adviser may be consulted where issues are difficult to resolve. Eating and drinking of beverages are not allowed in the classroom and especially in the Church auditorium.

Grievances: All grievances must be settled in-house within this institution except matters that involve crimes committed against human life, use of weapons, and robbery. On no grounds should external agencies, law enforcement agents, legal authorities, or governmental bodies be invited to mediate over any matter(s) that ensued between students and staff members or school authorities.

We are human, and humans do err. Students must discuss their grievances directly with the registrar or appropriate staff of this institution according to Biblical ethics and expectations. No grievance should be presented to a non-staff of the institution. This is a Bible institution; therefore, all matters must be settled on Biblical principles within the institution without involving an outsider. Therefore, this institution will not condone rumor-mongering, false accusation, insinuation, strife, quarrels, fighting, and all manner of ungodly behaviors such as must not be mentioned or heard of in the body of Christ (*Galatians 5: 18-21, I Timothy 1:10 & Revelations 21:8*).

Resolutions: All complaints, conflicts, grievances, and disagreements must be reported in writing and presented to the appropriate authorities in charge of conflict resolutions and grievances in this institution within 24-48 hours of occurrence. All reports filed either by students, staff, or outsiders must be given up to 7-30 days of investigation, depending on the type of problem, for the matter to be resolved amicably.

Dress Code: Ministers in training should always appear presentable. Casual wear is not allowed at special events such as conferences, seminars, and conventions. Both male and female students must be well-covered in their appearance. Students must appear neat, and well-presented at all times.

Withdrawal: Situations that are beyond human control, such as deaths, sudden mishaps, accidents, and prolonged illness may cause a student to be absent from class or skip a semester. In case of such a sudden mishap, the school will work out an appropriate waiver for the restoration of time lost if requested.

Online Registration: All students must complete their registration online.

Assignment and Project:

All assignments and projects must be submitted a week after course completion.

Lateness: In case of an emergency, the institution must be notified otherwise, there will be a loss of points for a late submission. *Failure to submit the assignment after 30 days will attract re-registration for the course concerned.*

Submission: Students must submit one hard copy with a cover sheet to the instructor, and send a second copy by email to: assignment@pwdi.org or admin@pwdi.org or project@pwdi.org

***Graduation:** Students will only be allowed to graduate after all fees are paid and assignments and projects are completed. Graduation is based on the completion of credit units as listed above.

***Checkup:** Students must endeavor to cross-check their financial and academic grade status at the end of every month or semester to ensure that everything is rectified. Do not assume all is well until you have been given a note of assurance by the registrar. (*Always cross-check things for yourself*).

***Communication Mode:** Communication between Staff and students may include SMS text messaging, email, memo notes or official letters, etc. All students must have email addresses

with their full names for easy identification. Students may be sent important information by any of these channels, especially email. Students must check school email frequently and must respond to communications as deemed fit.
